THE DECLARATION OF INDEPENDENCE.

In Congress; July 4th, 1794.

THE unanimous declaration of the thirteen United States of America. When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitles them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed. That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world.

He has refused his Assent to Laws, the most wholesome and necessary for the public good.

He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them.

He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people.

He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the meantime exposed to all the dangers of invasion from without, and convulsions within.

He has endeavored to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers.

He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries.

He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our people, and eat out their substance.

He has kept among us, in times of peace, Standing Armies without the Consent of our Legislature.

He has affected to render the Military Independent of and superior to the Civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the inhabitants of these States:

For cutting off our Trade with all parts of the world:

For imposing Taxes on us without our Consent:

For depriving us in many cases of the benefits of Trial by Jury:

For transporting us beyond Seas to be tried for pretended offences;

For abolishing the Free System of English Laws in a neighboring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies:

For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments:

For suspending our own Legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated Government here, by declaring us out of his Protection and waging War against us.

He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large Armies of foreign Mercenaries to complete the works of death, desolation and tyranny, already begun with circumstances of Cruelty and perfidy scarcely paralleled in the midst of barbarous ages, and totally unworthy of the Head of a civilized nation.

He has constrained our fellow-Citizens taken captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands.

He has excited domestic Insurrections amongst us, and has endeavored to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions.

In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince, whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people.

Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They, too, have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends.

WE, THEREFORE, the REPRESENTATIVES of the UNITED STATES of AMERICA, IN GENERAL CONGRESS, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by authority of the good People of these Colonies, solemnly PUBLISH and DECLARE, That these United Colonies are, and of Right ought to be FREE and INDEPENDENT States; and that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved: and that as FREE and INDEPENDENT STATES, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which INDEPENDENT STATES may of right do. And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, We mutually pledge to each other our Lives, our Fortunes, and our sacred Honor.

NATURALIZATION LAWS OF THE UNITED STATES.

THE conditions under and the manner in which an alien may be admitted to become a citizen of the United States are prescribed by Sections 2, 165-74 of the Revised Statutes of the United States.

DECLARATION OF INTENTIONS.

The alien must declare upon oath before a circuit or district court of the United States or a district or supreme court of the Territories, or a court of record of any of the States having common law jurisdiction and a seal and clerk, two years at least prior to his admission, that it is, *bona fide*, his intention to become a citizen of the United States, and to renounce forever all allegiance and fidelity to any foreign prince or State, and particularly to the one of which he may be at the time a citizen or subject.

OATH ON APPLICATION FOR ADMISSION.

He must at the time of his application to be admitted declare on oath, before some one of the courts above specified, "that he will support the Constitution of the United States, and that he absolutely and entirely renounces and abjures all allegiance and fidelity to every foreign prince, potentate, State, or sovereignty, and particularly, by name, to the prince, potentate, State or sovereignty of which he was before a citizen or subject," which proceedings must be recorded by the clerk of the court.

CONDITIONS FOR CITIZENSHIP.

If it shall appear to the satisfaction of the court to which the alien has applied that he has made a declaration to become a citizen two years before applying for final papers, and has resided continuously within the United States for at least five years, and within the State or Territory where such court is at the time held one year at least; and that during that time "he has behaved as a man of good moral character, attached to the principles of the Constitution of the United States, and well disposed to the good order and happiness of the same," he will be admitted to citizenship. If the applicant has borne any hereditary title or order of nobility he must make an express renunciation of the same at the time of his application.

SOLDIERS.

Any alien of the age of twenty-one years and upward who has been in the armies of the United States, and has been honorably discharged therefrom, may become a citizen on his petition, without any previous declaration of intention, provided that he has resided in the United States at least one year previous to his application, and is of good moral character. (It is judicially decided that residence of one year in a particular State is not requisite.)

MINORS.

Any alien, under the age of twenty-one years who has resided in the United States three years next preceding his arriving at that age, and who has continued to reside therein to the time he may make application to be admitted a citizen thereof, may, after he arrives at the age of twenty-one years, and after he has resided five years within the United States, including the three years of his minority, be admitted a citizen; but he must make a declaration on oath and prove to the satisfaction of the court that for two years next preceding it has been his *bona fide* intention to become a citizen.

CHILDREN OF NATURALIZED CITIZENS.

The children of persons who now are or have been duly naturalized, being under the age of twenty-one years at the time of the naturalization of their parents, shall if dwelling in the United States, be considered as citizens thereof.

NORTH AMERICAN A. B. C.

CITIZENS' CHILDREN WHO ARE BORN ABROAD.

The children of persons who now are or have been citizens of the United States are, though born out of the limits and jurisdiction of the United States, considered as citizens thereof.

CHINESE.

The naturalization of Chinamen is expressly prohibited by Section 14, Chapter 126, Laws of 1882.

PROTECTION ABROAD TO NATURALIZED CITIZENS.

Section 2,000 of the Revised Statutes of the United States declares that "all naturalized citizens of the United States while in foreign countries are entitled to and shall receive from this Government the same protection of persons and property which is accorded to native-born citizens."

THE RIGHT OF SUFFRAGE.

The right to vote comes from the State, and is a State gift. Naturalization is a Federal right and is a gift of the Union, not of any one State. In nearly one-half of the Union aliens (who have declared intentions) vote and have the right to vote equally with naturalized or native-born citizens. In the other half only actual citizens may vote. The Federal naturalization laws apply to the whole Union alike, and provide that no alien may be naturalized until after five years' residence. Even after five years' residence and due naturalization he is not entitled to vote unless the laws of the State confer the privilege upon him, and he may vote in several States six months after landing, if he has declared his intention, under United States law, to become a citizen.

INHABITANTS OF THE NEW INSULAR POSSESSIONS.

The inhabitants of Hawaii were declared to be citizens of the United States under the act of 1900 creating Hawaii a Territory. Under the United States Supreme Court decision in the insular cases, in May, 1901, the inhabitants of the Philippines and Porto Rico are entitled to full protection under the Constitution, but not to the privileges of United States citizenship until Congress so decrees, by admitting the countries as States or organizing them as Territories.

DECEMBER 25. CHRISTMAS DAY: In all the States, and in the District of Columbia, Arizona and New Mexico.

Sundays and Fast Days are legal holidays in all the States which designate them as such.

There are no statutory holidays in Mississippi, but by common consent the Fourth of July, Thanksgiving and Christmas are observed. In New Mexico, Washington's Birthday, Decoration Day, Labor Day, Flag Day (June 14), and Arbor Day are holidays when so designated by the Governor. In Wyoming, Labor Day is a holiday when so designated by the Governor.

ARBOR DAY is a legal holiday in Arizona, Maine, Maryland, New Mexico, Wisconsin, and Wyoming, the day being set by the Governor; in Texas, February 22; Nebraska, April 22; Utah, April 15; Rhode Island, second Friday in May; Montana, second Tuesday in May; Georgia, first Friday in December; Colorado (school holiday only), third Friday in April; in Oklahoma, the Friday following the second Monday in March.

There is no *national* holiday, not even the Fourth of July. Congress has at various times appointed special holidays. In the second session of the Fifty-third Congress it passed an act making Labor Day a public holiday in the District of Columbia, and it has recognized the existence of certain days as holidays for commercial purposes, but with the exception named, there is no general statute on the subject. The proclamation of the President designating a day of Thanksgiving only makes it a legal holiday in the District of Columbia and the Territories, and in those States which provide by law for it.

STANDARD TIME.

For the convenience of the railroads, a standard of time has been established by which trains are run and local time regulated. According to this system, the United States are divided into four time sections. The **first (eastern)** section includes all territory between the Atlantic Coast and an irregular line drawn from Detroit to Charleston, S. C., with the following cities: New York, Boston, Philadelphia, Baltimore, Washington, Richmond, Norfolk, Charleston, Buffalo, Pittsburgh, Montreal, Quebec, Ottawa, Toronto, etc. The **second (central)** section includes all the territory between the last-named line and an irregular line from Bismarck, N. D., to the mouth of the Rio Grande, with the following cities: Chicago, St. Louis, Minneapolis, St. Paul, Milwaukee, Kansas City, Omaha, Indianapolis, Cincinnati, Cleveland, Detroit, New Orleans, Memphis, Savannah, Pensacola,

Winnipeg, etc. The **third (mountain)** section includes all territory between the last-named line and nearly the western borders of Idaho, Utah, and Arizona, with the cities: Denver, Leadville, Colorado Springs, Helena, Regina, (N. W. T.), etc. The **fourth (Pacific)** section covers the rest of the country to the Pacific coast and includes: San Francisco, Portland (Oregon), Victoria, Vancouver, Tacoma, Seattle, etc. Standard time is uniform inside each of these sections, and the time of each section differs from that next to it by exactly one hour. Thus at 12 noon in New York City (eastern time) the time at Chicago (central time) is 11 o'clock a. m.; at Denver (mountain time), 10 o'clock a. m., and at San Francisco (Pacific time), 9 o'clock a. m.. Standard time is 16 minutes slower at Boston than true local time, 4 minutes slower at New York, 8 minutes faster at Washington, 19 minutes faster at Charleston, 28 minutes slower at Detroit, 18 minutes faster at Kansas City, 10 minutes slower at Chicago, 1 minute faster at St. Louis, 28 minutes faster at Salt Lake City, and 10 minutes faster at San Francisco.

BAGGAGE.

The best and simplest advice that can be given to travelers is: Keep an eye on your hand-baggage as often as possible. Carry in one handbag all necessary toilet articles and wearing apparel needed at your arrival; never check your trunks with any but a uniformed Railway porter or Express Agent; always take a receipt, and keep it in your pocketbook or in a safe place; never give up your checks, if you claim your baggage yourself, to any person except to the uniformed baggageman; take and remember his number. Before starting see that every piece of your hand-baggage as well as your heavy luggage is labeled with **your name and destination**. Have your heavy luggage called for at your house by an expressman on the day before leaving the city. Any express company takes and delivers your trunks to any part of the United States, at a charge for from 25c. to 40c. a piece. The railroads will carry your baggage free up to and including 150 lbs., any excess over 150 lbs. charged extra. The same rule applies to **Canada and Mexico**.

CUSTOMS.

Travelers returning or arriving from abroad are met on arrival at the docks by a Customs officer, who will hand them blanks, in which they must state the number of trunks in their possession, their dutiable contents, etc. In order to facilitate the examination, it is wise to (1) make up a list of all purchases made **abroad**, with their prices. Articles of **wearing apparel** and other **personal effects** will be appraised at the market price in the country where purchased, and should be listed separately. (2) To keep handy the original receipts for purchases of importance, for inst.: jewelry. (3) To pack all purchases so in your trunks that they may be easily found.

For the purposes of customs administration, passengers are divided into two classes—non-residents and residents.

There is no limitation as to the value of articles free of duty brought in by persons declaring as **non-residents**, providing such articles are in the nature of wearing apparel, personal adornments, toilet articles and similar personal effects actually accompanying the passengers, and necessary and appropriate for his or her wear and use for the purposes of the journey and present comfort and convenience and not intended for other persons nor for sale.

All personal effects of **residents** taken **abroad** as baggage and brought **back** in the same condition will be admitted **free**, but if **improved** in condition they are **dutiable**. From the **aggregate** value of all articles purchased abroad (unless they are intended for other persons or for sale), goods to the value of \$100 will be **deducted**, as that amount of personal property is admitted free of duty. Any dispute as to the value placed on dutiable articles will be settled through application to the Collector in writing within two days, and the appraisement will be reviewed by a general Appraiser.

Practically the same custom house proceedings are observed on the Mexican and Canadian frontiers.

MONEY.

The safest and most satisfactory method of carrying money for general traveling expenses is the Letter of Credit, which any Bank or Ticket Agency will sell you at a small commission. It will be honored in every city or port of North America. By its means you can never be robbed of much, nor can you lose much at the same time. Such Letter of Credit will serve you better than a passport as a means of **Identification** when calling for your letters and telegrams, and will, furthermore, prove useful to you when presenting a letter of introduction for social or business purposes. INFORMATION BUREAU

For the convenience and comfort of our subscribers we have opened a bureau of information which will be pleased to furnish additional and conclusive information if necessary, on any points of travel, rates of fare and accommodations to any point covered in this edition of the A. B. C. Guide. Such information is furnished by returned mail on request absolutely without charge or inconvenience.

New York City (Greater New York). Population, 4,020,000.

New York City (Greater New York), with its population of over four million of inhabitants, is justly called the Mecca and Metropolis of North America. It is the entry port from all the other continents, and for that reason has become the most cosmopolitan city in the world. Its wealth is enormous, and is reflected in its mighty buildings, so-called "sky-scrappers"; again, in its magnificent hotels, palatial mansions and public buildings, beautiful parks and colossal bridges, classed among the wonders of the world. All this creates, of necessity, an unusual impression upon the foreigner, and even upon the native American visiting from any part of the United States.

The lack of space does not permit us to give an exhaustive description of all that is worth seeing about the city. The reader, however, will find in the following pages all the items and useful hints necessary to guide him quickly and conveniently through this great city; also a list of recommendable hotels, boarding-houses, restaurants, shops and stores, in and around New York, and a plan of the city. As will be seen, "Greater New York" is divided into five districts, called "Boroughs," namely, Manhattan, Brooklyn, Richmond, Queens and The Bronx. New York City proper covers the whole island of Manhattan, which is eight miles long and two to two and a half miles wide. Owing to this peculiar formation, one readily discriminates between "Uptown" and "Downtown," and the streets, being parallel and numbered, and in turn crossed by twelve avenues at right angles, make it easy for the stranger to find his way.—The center of the "Uptown" district is the "Herald Square," so named after the beautiful Herald Building; and the heart of the "Downtown," or financial district, is the famous "Wall Street." (See map.) On this apparently small area are living no less than two and a half million people, and it is therefore evident that the solution of the traffic problem has taxed the minds of the most noted experts to their utmost capacity.

The principal means of transportation are the **ELEVATED** railroad, called the "elevated"; the **TROLLEY**, generally known as "cars," and the famous **UNDERGROUND**, popularly termed the "Sub." Cabs, hansoms and autos are, of course, sometimes preferable, but very expensive; in fact, more so than in any other large city of the world. New York's "Bois de Boulogne" is the picturesque "Central Park," considered even more beautiful than the "Hyde Park" in London; and a trip along the famous "Fifth Avenue" and a drive along the picturesque "Riverside Drive" will leave a lasting impression.

Die Stadt New York (Grösser New York) mit einer Bevölkerung von über vier Millionen Einwohnern, wird mit Recht das Mecca und die Metropole von Nord Amerika genannt. Sie ist der Eingangshafen für alle anderen Continente, und trägt aus diesem Grunde einen ausgeprägt kosmopolitischen Charakter. Ihr Reichtum ist enorm und findet Ausdruck in ihren gewaltigen Gebäuden, sogenannten "Sky-scrappers" oder "Wolkenkratzer," ihren grossartigen Hotels und palastartigen Kaufhäusern, ferner in ihren zahlreichen schönen Parks, und colossalen Brücken, die letzteren, wahre Weltwunder. Alles dies macht nicht nur auf den Fremden, sondern auch auf den Einheimischen, der von irgend einem Theile der Vereinigten Staaten kommt, einen ungewöhnlichen Eindruck. Der Raum gestattet uns nicht, eine ausführliche Beschreibung aller Sehenswürdigkeiten zu geben, der Leser wird jedoch nachfolgend alle nötigen Anhaltspunkte und nützliche Wincke finden, an der Hand welcher er schnell und bequem diese grossartige Stadt besichtigen kann.

Eine Liste empfehlenswerter Hotels, Pensionen, Restaurants, Kaufhäuser und Läden in und bei New York, und ein Plan der Stadt sind beigelegt.

Grösser New York ist in fünf Districte eingetheilt, "Boroughs" genannt: Manhattan, Brooklyn, Richmond, Queens und die Bronx. Die Stadt New York selbst ist über die ganze Manhattan Insel ausgebreitet, acht Meilen lang und zwei bis zwei und eine halbe Meile breit. Wegen dieser eigenthümlichen Formation muss man zwischen der "Ober-Stadt" oder "Uptown" und der "Unter-Stadt" oder "Downtown" unterscheiden, und, da die Strassen parallel laufen und numeriert sind, und ferner durch zwölf sogenannte Avenuen rechtwinklig geschnitten werden, ist es leicht für die Fremden sich zurecht zu finden.—Das Centrum der "Oberstadt" ist der "Herald Square," nach dem schönen Herald-Gebäude benannt; und der Brennpunkt der Unter-Stadt, das Herz des Finanz-Districts, ist die berühmte "Wall Street." Auf diesem augenscheinlich kleinen Flächeninhalt, wohnen nicht weniger als zwei und ein halbe Million Menschen, und es ist deshalb klar, dass die Lösung der Verkehrsfrage den berühmtesten Sachverständigen nicht geringes Kopfzerbrechen verursacht hat. (Siehe Karte.)

Die hauptsächlichsten Verkehrswege sind die "Hochbahnen," sogenannte "elevated," ferner die Electriche "Strassenbahn, besser bekannt als "cars," und die berühmte Untergrundbahn, kurz die "Sub" genannt.

Droschken, Hansoms und Automobile sind natürlich bequemer, aber dafür auch sehr teuer, in der That teurer als in jeder andern grossen Stadt der Welt.

Neu York's "Bois de Boulogne" ist der malerische "Central Park," von vielen für schöner befunden als der berühmte "Hyde Park" in London, und eine Promenade entlang der berühmten "Fifth Avenue" oder eine Spazierfahrt auf dem "Riverside Drive" hinterlassen einen unvergesslichen Eindruck.

La ville de Neuve York actuelle avec une population de plus de quatre millions d'habitants est appelée avec raison la Mecca et la métropole de l'Amérique du Nord. Cette ville est le port d'entrée pour les autres continents et à cause de cela, elle a un caractère cosmopolite très prononcé. Elle renferme beaucoup d'attractions. Sa richesse est énorme et se manifeste dans les grands édifices, les fameux "sky-scrapers," ce qui veut dire "châtaigneaux de ciel," dans ses magnifiques hôtels et ses magasins princiers, puis dans ses nombreux jardins publics et squares, ses ponts colossaux, véritables merveilles du monde. Tout cela fait une impression extraordinaire, non seulement sur l'étranger mais aussi sur l'Américain.

Le manque de place ne nous permet pas de donner une description de tout ce qui mérite d'être vu dans la ville, mais notre lecteur trouvera dans les pages suivantes tous les détails nécessaires pour trouver son chemin dans cette grande ville, ainsi qu'une liste d'hôtels, pensions, restaurants et magasins recommandables dans la ville même et dans les environs; de même une carte de la ville lui servira de guide.

On verra que la ville entière de Neuve York est divisée en cinq districts appelés "boroughs" ou communes, nommés: Manhattan, Brooklyn, Richmond, Queens et Bronx.

La ville de Neuve York, proprement dite, s'étend sur toute l'île de Manhattan, qui a une longueur de huit milles et une largeur d'une à deux milles et demi. Grâce à cette disposition singulière il faut distinguer entre les deux districts généraux "Uptown," le haut de la ville, et "Downtown," le bas de la ville, et les rues étant parallèles et numérotées, ensuite traversées par douze avenues, il est facile pour l'étranger de trouver son chemin. Le milieu du district "Uptown" est le Herald Square, ainsi nommé d'après le bel édifice du journal, le New York Herald, et le milieu du district financier, qu'on appelle "Downtown," est le célèbre "Wall Street." Sur ce territoire, petit en apparence, vivent deux millions et demi d'habitants, et c'est pourquoi le problème de faciliter la circulation a occupé les esprits des plus habiles experts. (Voir la carte.)

Les principaux moyens de locomotion sont les chemins de fer aériens, parcourant les avenues et construits sur des colonnes de fer qui s'appellent tout simplement "The Elevated," puis les tramways électriques appelés "cars" et le chemin de fer souterrain, connu par le sobriquet de "Sub."

Les équipages, cabs, fiacres, autos sont quelquefois préférables, mais très chers, en réalité plus chers que dans aucune grande ville du monde.

Le "Bois de Boulogne" de "Neuve York" est le pittoresque "Central Park" qui surpasse dans l'opinion de beaucoup de voyageurs le "Hyde Park," à Londres; ou une promenade à pied le long de "Fifth Avenue" (Cinquième Avenue) ou une promenade en voiture le long du "Riverside Drive," ne se sont jamais oubliés.

La ciudad actual de Nueva York con una población de mas de cuatro millones de habitantes, ha sido con razón llamada la Mecca y la Metropolis de la America. Esta ciudad es puerto de entrada para todos los países del mundo y por ésta razón, tiene un carácter cosmopolita muy pronunciado.

Sus riquezas son grandes y son reflectadas en sus soberbios edificios, conocidos en el mundo entero bajo el nombre de "Sky-scrapers" y sus magníficos hoteles, y sus tiendas lujosas, y sus numerosos jardines y plazas publicas, ó squares, sus puentes colosales, clasificados como miraculos del mundo todo lo que produce una impresión extraordinaria no solamente en el extranjero pero tambien en el Americano.

La falta de espacio no nos permite dar una descripción de todo lo que merece ser visto en la ciudad, pero el lector encontrará en las paginas siguientes todos los detalles necesarios para dirigirse en ésta gran ciudad y tambien una lista de hoteles, casas de pensión, restaurantes y tiendas ubicadas en la ciudad y en los alrededores. El mapa de la ciudad le servirá de guía.

Se puede ver que la ciudad de Nueva York está dividida en cinco distritos llamados "boroughs" Manhattan, Brooklyn, Richmond, Queens y Bronx. La ciudad de Nueva York propiamente dicha se estiende sobre la isla de Manhattan que tiene ocho leguas de largo y dos leguas y media de ancho.

Debido á ésta "situation" y forma peculiares se le ha dividido en dos grandes secciones: "Uptown," es decir la ciudad alta y "Downtown" ó la ciudad baja: las calles son paralelas designadas por numeros y en seguida atravesadas por doce avenidas es facil para el extranjero encontrar su camino. El centro del distrito "Uptown" es el "Herald Square," que lleva el nombre del hermoso edificio del "Her-

ald," y el centro del distrito financiero llamado "Downtown" es el celebre "Wall Street."

Sobre este territorio, pequeño en apariencia, viven dos millones de habitantes y por esta razón el problema de facilitar la circulación ha ocupado la mente de los más hábiles peritos. (Véase el mapa.)

Los principales medios de locomoción son los TRENES ELEVADOS que recorren las avenidas y son sostenidos por columnas de fierro, éstos se llaman sencillamente "elevated"; los TRANVIAS ELECTRICOS, llamados "CARS" y el FERRO-CARRIL SUBTERRANEO conocido bajo el sobrenombre de "SUB."

Los carruajes, cabs, autos son á veces preferibles, pero son muy caros, en realidad mas caros que en ninguna otra parte del mundo.

La città attuale di Novo York con una popolazione di più di quattro milioni di abitanti con ragione viene chiamata "La Mecca e la Metropoli dell'America." Questa città è porto di entrata per tutti i paesi del mondo epperlo presenta un carattere cosmopolit molto pronunziato. Le sue ricchezze, favolose come sono, si riflettano dappertutto, negli splendidi edifici, conosciuti in tutto il mondo sotto il nome di "sky scrapers," i suoi magnifici alberghi e magazzini d'incredibile splendore, i suoi numerosi giardini pubblici "squares," i suoi ponti collossali, classificatti fra le meraviglie del mondo, tutto ciò faccendo una profonda impressione non soltanto sul forastero ma bensì pure sul Americano medesimo.

Per manco di spazio non ci è possibile di dare una descrizione di tutto quanto sia digno di essere visto nella città, però il lettore rincontrerà nelle seguenti pagine tutti i dettagli necessari per dirigersi in questa grande città; eppure una lista di alberghi, pensioni, ristoranti e magazzini situati nella città e negli intorno. Il piano aggiunto della città servirà di guida. Si può vedere che la città di Novo York è divisa in cinque sezioni grandi chiamate "boroughs" Manhattan, Brooklyn, Richmond, Queens e Bronx. La città di Novo York propriamente detta si stende sull' isola di Manhattan avendo otto miglie in lunghezza e 2½ miglie in larghezza. Dovuto a questa "situation" e forma straniera si dividio la città in due grandi distretti, cioè: "Uptown" che vuol dire "la città alta" e "Downtown" la parte bassa della città, le strade sono parallele marcate per numeri e poi attraversate per dodici avvenute e così è cosa facile pel forastero di trovare il suo camino. Il centro del distretto "Uptown" è il "Herald Square" derivando il suo nome dal bel edificio del "Herald" e il centro del distretto financiero chiamato "Downtown" è la celebre strada "Wall street."

In questo territorio, piccolo in apparenza vivono due milioni di abitanti e per questa ragione il problema di facilitare la circolazione ha occupato la mente dei periti i più destri. (Vedere il piano.)

I principali mezzi di locomozione sono i treni elevati ricorrendo per le avvenute sopra una via sostenuta per colonne di ferro schiettamente chiamati "Elevated," le tranvie elettriche chiamate "Cars" e la strada ferrata sotterranea conosciuta pel nome di "Sub."

"Le vetture, i legni, gli automovili sono delle volte preferibili pero le corse sono carissime, effettivamente, più care che in nessun altra parte del mondo.

SKYSCRAPERS.

The stranger, and still more so the foreigner, is awe-struck when he at his first visit to New York looks at the many giant buildings, known almost everywhere as "Skyscrapers," and indeed their heights are often so tremendous that even the spires of many of the tallest churches appear insignificant in comparison. Following we give a list of the highest skyscrapers as compared with the height of the St. Patrick's Cathedral (332 ft.), the highest church-tower in New York and the highest churches and structures in the old world, as shown below, thus giving an idea of the enormity of their dimensions.

Der Eingeborene sowohl wie der Fremde welche New York zum ersten Mal besuchen, bleiben vor den gewaltigen Gebäuden, welche nur Comptoirs enthalten, und fast in allen Ländern unter den Namen "Skyscrapers" bekannt sind, in vollster Verwunderung stehen. Thatsächlich ist die Höhe derselben so riesenshaft, dass selbst viele der grössten Kirchen dagegen verschwindend klein erscheinen. Nachstehend geben wir eine vergleichende Liste der grössten "Skyscrapers" mit der 332 Fuss hohen St. Patrick's Cathedral, die höchste in New York, als auch der höchsten Kirchen und Gebäude der "Alten Welt." als Anhaltspunkt.

L'indigène venant à New York pour la première fois et surtout l'étranger d'outre mer s'arrêtent plongés en merveille devant les nombreux édifices commerciaux connus partout sous le nom de "Skyscrapers" et en vérité leurs hauteurs sont pour la plupart tellement énormes que même les minarets et les tours des plus grandes églises de la ville sont presque insignifiantes. A continuation nous énumérons la hauteur des "Skyscrapers" les plus saillants en comparaison avec la cathédrale de St. Patrick (332 pieds de hauteur) et avec les plus hautes églises et édifices du "Vieux Monde" ainsi donnant un point d'arrêt pour leurs dimensions énormes.

El indigeno viniendo por la primera vez a Nueva York y sobre todo el extranjero se detienen con profunda admiración delante los numerosos edificios comerciales conocidos en casi todas las partes bajo el nombre de "Skyscrapers" y en verdad, sus alturas son por la mayor parte tan enormes que hasta las puntas mismas de las torres mas elevadas parecen insignificantes. A continuación damos una lista de los "Skyscrapers" los mas salientes en comparación con la Catedral de St. Patrick (332 pies de altura) como tambien con las iglesias y edificios del "Viejo Mundo" forneciendo asi una base para poder hacerse cuenta de sus gigantescas dimensiones.

L'Americano lo stresso che lo straniero venendo per la prima volta a Novo York si fermano con profonda ammirazione inanzi ai numerosi edifici commerciali conosciuti quasi dappertutto sotto il nome di "Skyscrapers" e in verità le sue altezze sono per la maggior parte così enormi che le punte medesime delle torri più elevate paiono insignificanti. A continuazione diamo una lista degli "Skyscrapers" i più grandi comparandoli colla Cattedrale di St. Patrick (332 piedi di alto) come pure colle chiese ed edifici più alti del "Vecchio Mondo" per poter rendersi conto delle sue gigantesche dimensioni.

CAB FARES.

As in all other large cities of the world, the "Cabby" tries to get as much as possible from his "fare," especially when he thinks his passenger is "easy." Therefore it is always safer to clinch a bargain with the "cabby" BEFOREHAND, especially for long distances. It will often save you annoyance and unpleasant disputes. If possible, discuss this unpleasant matter with the "cabby" apart from your company. In New York one discriminates between CABS (one-horse four-wheelers), seating one to two persons; HANSOMS, good for one or two persons, and COACHES, a two-horse four-wheeler, seating four persons. THE TARIFF FOR CABS, HANSOMS AND ELECTRIC MOTOR CABS IS: BY THE MILE—Fifty cents for the first mile and 25 cts. for each additional half-mile. For stops over five minutes and not exceeding fifteen, 25 cts.; for longer stops, 25 cts. for each fifteen minutes. BY THE HOUR—With the privilege of going and stopping to suit yourself, \$1 for the first hour, or part thereof, and 50 cts. for each additional half-hour.

COACHES—BY THE MILE.—One dollar for the first mile, or part thereof, and each additional half-mile or part thereof, 40 cts. By distance for stops," 38 cts. for each fifteen minutes. For brief stops not over five minutes, no charge. BY THE HOUR.—\$1.50 first hour or part thereof, and each succeeding half-hour or part thereof, 75 cts. The legal fares are for one or two persons in a cab, or for one, two, three or four persons in a carriage, while children under 8 years of age are to be carried free when accompanied by adults. It also includes the carrying of one piece of baggage; for all pieces over one a special bargain must be made; also for each additional passenger. The HOURLY RATES, except by special arrangement, apply only to shopping or calling, and do not include park or road driving, nor driving for more than three miles from the starting point. A mile is generally considered the length of twenty street blocks or seven avenue blocks. The distance from the Battery to City Hall is 3-4 mile; City Hall to Houston St., 1 mile; City Hall to 19th St., 2 miles.

Through railway passengers often stop over in New York on through tickets from the South or West to New England, or vice versa. All through tickets contain a coupon entitling the passenger to a ride in the coaches of the "New York Transfer Company" across the city between the Grand Central Depot and any ferry station, or to any hotel or suitable stopping point between these two points. These coaches meet all the express trains, and may be taken advantage of as indicated above. Public carriages may be hired of carriage agents at the above-mentioned rates. The Pennsylvania, New York Central, Lackawanna and New Jersey Central railroads have also introduced a system of electric cabs to carry passengers to and from their stations at the uniform rate of about 25 cts. a mile, the former carrying two persons for one fare.

DROSCHKEN.—Tariff.—Wie in allen anderen Grossstädten der Welt versucht auch hier der Kutscher soviel wie möglich aus seinem Fahrgast herauszuschlagen, besonders wenn er denselben für "dumm kauft." Deshalb ist es gut angebracht, mit dem Kutscher vorher einig zu werden, besonders für lange Fahrten. Man erspart sich Unannehmlichkeiten und lange "Auseinandersetzungen." Wenn möglich, muss man den Handel nicht in Gegenwart seiner Begleitung abmachen. In New York unterscheidet man zwischen Cabs (Droschken mit einem Pferd), Hansoms (Hohes zweiflüdriges Coupé) und Coaches (Doppel-Coupé mit 2 Pferden). Der TARIF für die erste Meile ist 50 cts., und 25c. or 1 mk. für jede folgende Halbmelle. Für Halten von 5-15 Min. 25c., für längeren Aufenthalt 25c. per 15 Min. PER ZEIT: Für die erste Stunde oder darunter \$1, und 50c. für jede folgende Halbstunde, mit dem Privilegium anzuhalten, so oft und wie lange man will. Droschken mit 2 Pferden, sogenannte COACHES, kosten PER MEILE, erste oder ein Teil davon \$1; jede folgende Halbmelle oder Teil davon 40c. Bei langen Fahrten kostet Anhalten von je 15 min. 38c. von 5 min. oder weniger kostet nichts. ZEITFAHRTEN.—\$1.50 die erste Stunde oder weniger, jede folgende Halbstunde oder Teil derselben 75c. Die gesetzliche Taxe ist festgesetzt für Droschken entweder für je ein bis zwei Personen oder je ein, zwei, drei, oder 4 Personen in Zwei-Pferde-Droschken, während Kinder unter 8 Jahren in Begleitung Erwachsener nichts zahlen. Ein Stück Gepäck ist frei, für jedes weitere sowie für jeden überzähligen Passagier muss man extra zahlen und vorher darüber handelseinig werden. Der oben erwähnte Tarifsatz für Droschken per Zeit engagiert, hat nur Wert für Einkäufe und Besuche zu machen, für Spazierfahrten oder Ausfahrten von mehr wie 3 Meilen Entfernung muss man einen besonderen Handel mit dem Kutscher abschliessen. Eine Meile d. h. englische, ist gleich der Länge von 20 Avenue-Abschnitten (City blocks) oder 7 Strassen Abschnitten d. h. von je einer Avenue zur nächsten. Die Entfernung von der Battery bis zur City Hall ist 3-4 engl. Meile; City Hall bis Houston Str., 1 Meile; City Hall bis zur 19ten Strasse, 2 Meilen. EISENBAHNREISENDE, welche vom Süden oder Westen durch New York kommen und mit ihren durchgehenden Billets nach den New England Staaten weiter fahren wollen, oder umgekehrt, können Gebrauch machen von dem Coupon, der solchen Billetten beigelegt ist und der den Reisenden berechtigt, kostenfrei irgend eine Droschke der "New York Transfer Company" zu benutzen, entweder bis zum Central Bahnhof (Grand Central Depot) oder irgendeinem Ferry Depot oder zu einem zwischen jenen Punkten belegenen Hotel oder Haltpunkt. Diese "Coaches" oder Doppel-Droschken sind bei Ankunft aller Expresszüge zur Stelle. Andere Wagen kann man mieten vermittelst der Fuhrwerks-Agenten (Carriage Agents) zu den oben angegebenen Tarif-Preisen. Ausserdem haben die Pennsylvania Eisenbahn und die N. Y. Central Eisenbahn einen Special Droschkendienst eingerichtet, jedoch nur für Fahrten zwischen den respectiven Bahnhöfen, und Ferry-Stationen, wonach ein bis zwei Personen für 25c. die Meile befördert werden.

PRIX DES CABS.—De même que dans toutes les grandes villes, le "cabby" ou cocher cherche d'écouter son client surtout s'il croit que celui-ci est "accommodant." Par conséquent il faut toujours s'entendre d'avance avec le cocher, surtout s'il s'agit de longues distances. Cela vous évitera des ennuis et souvent des discussions désagréables. Ne traitez cette question en présence de votre compagnie. A New York on distingue les cabs (un-cheval et 4 roues) pouvant contenir 1 à 2 personnes; les hansoms, pour 2 personnes et 4 roues; et les voitures à 4 chevaux à 4 roues et pour 4 personnes. **CABS ET HANSOMS OU MOTORCABS ELECTRIQUES (PAR MILLE).**—50 cts.—2.50 francs. pour le premier mille et 25 cts.—1.25 francs. pour chaque demi-mille supplémentaire. Pour les arrêts, de plus de cinq minutes et ne dépassant 15 minutes, 25 cts.; pour de plus longs arrêts, 25 cts. pour chaque 15 minutes. **PAR HEURE:** Pouvant aller et s'arrêter à volonté, \$1.00 = 5 francs. pour la première heure ou fraction, et 50 cts. = Frs. 2.50 pour chaque demi-heure supplémentaire. **VOITURES (COACHES), PAR MILLE.**—Un dollar pour le premier mille ou fraction, et pour chaque demi-mille ou fraction, 40 cts. = 2 francs. par course, pour chaque arrêt de 15 minutes 38 cts. = 1.90 francs., pour de courts arrêts ne dépassant pas cinq minutes pas de paiement. **PAR HEURE:** 1 dollar 50 cents = Frs. 7.50, pour la première heure ou fraction et pour demi-heure suivante ou fraction, 75 cts. = Frs. 3.75. Les tarifs légaux s'appliquent pour une ou deux personnes dans un cab, ou à une, deux ou trois; pour 4 personnes dans une voiture. Les enfants au dessous de l'âge de huit ans doivent être admis gratis s'ils sont accompagnés d'adultes. Le tarif comprend aussi un colis; pour tous les colis à partir de deux, de même pour chaque passager additionnel un arrangement special doit être fixé. Les tarifs par heure, à moins d'un arrangement spécial, s'appliquent seulement aux courses dans les magasins ou aux visites et ne comprennent pas les promenades dans le Parc, dans les rues, ni les promenades excédant 3 miles du point de départ, et le prix dans ce cas doit être arrangé d'avance avec le cocher. Un mille Anglais compte généralement comme équivalent à 20 blocks. (on appelle "block" la distance entre deux rues d'avenue) ou de 7 blocks d'une rue de traverse. La distance depuis Battery, qui est situé à l'extrémité sud jusqu'à City Hall qui est situé près du Pont de Brooklyn est de 3-4 mille; alors de City Hall à Houston St., 1 mille; City Hall à la 19e rue, 2 milles. **LES VOYAGEURS DE CHEMIN DE FER** qui viennent du sud ou de l'Ouest pour aller plus au nord ou vice versa, s'arrêtent souvent à Neuve York et peuvent continuer le voyage avec le même billet. Tous ces billets contiennent des coupons qui autorisent le voyageur à prendre gratuitement une voiture de la compagnie "New York Transfer Company," pour traverser la ville depuis la gare du Grand Central, et n'importe quelle station de bateaux (ferries) ou pour n'importe quel hotel ou arrêt à la con-

venance du voyageur entre ces deux points. Ces voitures ou "coaches," se trouvent à l'arrivée de tous les trains exprès et peuvent être employés comme nous venons de le dire. Des voitures publiques peuvent être retenues aux prix donnés au-dessus. Dérivément le chemin de fer de Pennsylvania et celui de "New York Central" ont introduit un système de cabs légers pour transporter des voyageurs des gares de chemin de fer au tarif uniforme d'environ 25 cents le mille, le Pennsylvania conduisant deux personnes pour le même prix qu'une seule.

PRECIO DE LOS "CABS."—Como en todas las grandes ciudades del mundo el "Cabby" o cochero trata de sacar lo mas que pueda de su cliente, sobretudo si cree que esto es fácil. Por consiguiente es siempre mejor convenir con el cochero ante mano, sobre todo para largas distancias. Esto evitara molestias y discusiones desagradables. Discútase si es posible, esta cuestión sin testigos.

En Nueva York se encuentran CABS (un caballo y 4 ruedas); para 1 ó 2 personas, HANSOMS bueno para una ó dos personas, y COCHES, de dos caballos, 4 ruedas y para 4 personas. Cabs y Hansoms y cabs electricos, POR MILLA—50 cents para la primera milla y 25 cents por cada media milla suplementaria. Para cada pausa de mas de 5 min. y menos de 15 min., 25 cts., para largas pausas, 25 cts. para cada 15 min. POR HORA.—con la facultad de poder detenerse donde se quiera 1 dollar. Para la primera hora ó fraccion de hora y 50 cts. para cada media hora suplementaria.

COCHES—POR MILLA—Un dollar para la primera milla, o parte de milla, y para cada media milla ó fracción, 40 cts. Por distancia, se paga 38 cts. por cada pausa de 15 minutos. Por pausas cortas no pasando 5 minutos, no se paga. POR HORA—\$1.50 primera hora o parte de ella y para cada hora siguiente ó parte de ella, 75 cents.

Los precios legales son para una ó dos personas en un cab ó para una, dos, tres o cuatro personas en un carruaje; mientras que los niños de menos de ocho años deben viajar gratis si van acompañados por adultos. Tambien incluye un bulto de equipage; para todos bultos fuera de uno y para cada pasajero suplementario, un convenio especial debe hacerse. Los precios por hora excepto por arreglo especial, se aplican solamente á diligencias en las tiendas y visitas y no incluyen paseos por los parques si el viaje es mas que 3 millas del punto de partida. Una milla es generalmente considerada de 20 cuadras de Avenida ó 7 cuadras de calle atravesada. La distancia de Battery hasta City Hall es de 3-4 de millas. De City Hall hasta Houston St., 1 milla; de City Hall hasta la calle 19, 2 millas. Los pasajeros de ferro carril á menudo se detienen en Nuevo York, viniendo del Sud para los estados del norte ó vice versa con "through tickets." Todos estos tickets (boletos) tienen un coupon que autoriza al pasajero á un viaje en los coches de la Compañia "New York Transfer Co." para atravesar la ciudad, entre el "Grand Central Depot" ó estación central de los ferro-carriles, para cualquier hotel ó sitio conveniente entre estos puntos. Estos carruajes se encuentran á la llegada de todos los trenes espresos y pueden emplearse como se indica arriba. Carruajes publicos pueden alquilarse por órden en las estaciones en las condiciones supra racontadas. Ultimamente los ferro-carriles de Pennsylvania y de N. Y. Central han introducido un sistema de cabs lijeros para transportar los pasajeros á sus estaciones, ida y vuelta con la tarifa uniforme de 25 cts. por milla, incluyendo dos personas en este precio.

TARIFFA DI LEGNI—Lo stesso come in tutte le grandi città del mondo il "cabby" ossia il cocchiere sempre tratta d'ingannare al suo patrone e soprattutto quando crede che cio è cosa facile epperció si consiglia di fare un accordo col cocchiere prima d'impiegarlo e con maggior ragione trattandosi di grandi distanze, cio eviterà molti fastidii. In Novo York s'incontranno "cabs" (un cavallo e legno di 4 ruote) per 1 o 2 persone, "hansoms" legno di 2 ruote per 1 o 2 persone e carrozze di due cavalli per 4 persone. Cabs-Hansoms e vetturelle elettriche 50 cts. per la prima miglia e 5 cts. per ogni mezza miglia supplementare. Per ogni fermata di più di 5 minuti e meno di 15 minuti 25 cts. Per ora: colla facoltà di fermarsi dove si voglia \$1.00 per la prima ora o parte e 50 cts. per ogni mezz'ora dopo. Le carrozze con 2 cavalli chiamate "Coaches" costano per prima miglia o parte della stessa \$1.00 ed ogni mezza miglia o parte della stessa 40 cts. Per corse lunghe ogni fermata di 15 min. costa 38 cts. mentreche fermate di soltanto 5 minuti o meno sono libere. All' ora: \$1.50 per la prima ora o parte della stessa ed ogni mezz'ora o parte dopo 75 cts. La tariffa legale è fissata per carroze di 1 o 2 persone e per 2, 3 o 4 persone per carroze con 2 cavalli mentreche fanciulli al di sotto di 8 anni sono liberi se accompagnati. Un pezzo di bagaglio e libero dovendosi pagare per ogni pezzo o persona addizionale pero prudente è di farne un accordo prima. La tariffa per carrozze impiegate all' ora serve soltanto per fare delle compere e visite perche per fare passeggiate di più di 3 miglie bisogna fare patti speciali col cocchiere. Una miglia inglese è più o meno la distanza di 20 intersezioni nelle strade (City Blocks) o 7 intersezioni nelle avvenute. La distanza da Battery al City Hall è di $\frac{3}{4}$ miglia inglese, dal City Hall alla strada Houston 1 miglia, dal City Hall alla strada 19 sono 2 miglie. Viaggiatori nelle strade ferrate venendo dal Sud o Oeste passando per la Città di Novo York con biglietti diretti per gli stati del norte o vice versa possono transferirsi gratis d'una stazione all' altra o per qualunque albergo nella città situato sulla corsa da traversarsi. Questi "Coaches" ossia carroze si trovano per questo scopo alla stazione all' arrivo dei treni espres. Legni publici si possono ritenere per mezzo degli agenti (Carriage Agents) e sono soggette alla citata tariffa. Le strade ferrate di Pennsylvania e la Centrale di Novo York hanno stabilito un servizio di legni fra le loro stazioni pel trasporto di passeggeri a ragione di 25 cts. per miglia.

CARS.

The carfare, be it for the "Elevated," Trolley or Subway is 5 cts., no matter how short or long the distance may be. Contrary to the regulations prevailing in Europe, the car stops on demand at any street and one can transfer from one line to the other without further charge, by demanding a transfer at the time when you pay your fare.

Der Fahrpreis, sei es für die "Elevated," Trolley oder Subway ist 5 cents, egal wie lang oder kurz die zu befahrende Strecke sein mag. Im Gegensatz zu den in Europa üblichen Vorschriften, die "Electriche hält auf irgendeiner Strassenecke auf Wunsch des Passagiers und derselbe kann ebenso auf Wunsch von einer Linie zur anderen übergehen, ohne Zuschlag zu zahlen, indem er einfach beim Zahlen des Fahrscheines ein "transfer" verlangt, welches ihm bereitwilligst vom Schaffner eingehändigt wird.

Le prix de passage sur tous les tramways de même que "l'Elevated" et le Subway est de 5 cts. pour une course, quelle que soit la distance à parcourir.

Les différents points d'arrêt sont marqués sur la carte ci-jointe. Contrairement à la règle en Europe les tramways s'arrêtent sur la demande du voyageur à tous les carrefours.

El precio en todos los carros, sea en el Elevated, el tranvía eléctrico ó Subway es solamente de 5 centavos el viaje largo ó corto. Las diferentes estaciones están indicadas en el mapa adjunto. Contrariamente á lo que sucede en Europa, los tranvías eléctricos paran á cada boca calle y los transferidos de una línea á otra pueden enseguirse gratis del conductor.

Il prezzo di passaggio sia nel "L" "Sub" o nelle tranvie elettriche è soltanto di 5 cents per viaggio corto o lungo. Le differenti stazioni sono indicate sull' aggiunta mapa. Contrariamente alla regola di Europa le tranvie si fermano alla richiesta dei viaggiatori a qualunque cantone delle strade e bolletti per trasferirsi da una linea all'altra possono ottenersi gratis dal conduttore.

OMNIBUS.

The omnibus is a rare sight in New York. As a public conveyance there exists only one, the so-called "5th Av." Bus, which travels from Washington Square along 5th Ave. The fare is 10 cents.

Another important link connecting New York City with New Jersey is the **McAdoo tunnel**, 90 feet under the surface of the Hudson River, formally opened to the public on Feb. 25, and bringing passengers to Hoboken or Jersey City in 12 minutes. The New York terminus is at 6th Av. & 19th St., the line running via Christopher St. to the Hoboken terminus, a distance of 3 miles.

STREET DIRECTORY OF NEW YORK CITY.

HOW TO FIND ANY GIVEN ADDRESS.

In order to find the location of any given house number, we give below the house numbers located at the corner of each intersecting street, and it will thus be easy to figure out the exact location of the address. The house numbers of the side streets West and East of Fifth Avenue are in even numbers on the South Side and in odd numbers on the North Side, the length of each block of a side street having a front of fifty to sixty houses. For instance, you want to know where is—

No. 1415 Broadway.

Answer:—between West 39th and 40th streets.
